We created Catholics in Alliance for the Common Good to organize for a moment like this. But I think it lacks the leadership to do so now. Likewise Catholics United. Like most Spring movements, I think this one will have to be bottom up. I'll discuss with Tara. Kathleen Kennedy Townsend is the other person to consult.

On 2/10/12, Sandy Newman <sandynewman@gmail.com> wrote:

Hi, John,

This whole controversy with the bishops opposing contraceptive coverage even though 98% of Catholic women (and their conjugal partners) have used contraception has me thinking ... There needs to be a Catholic Spring, in which Catholics themselves demand the end of a middle ages dictatorship and the beginning of a little democracy and respect for gender equality in the Catholic church. Is contraceptive coverage an issue around which that could happen. The Bishops will undoubtedly continue the fight. Does the Catholic Hospital Association support of the Administration's new policy, together with "the 98%" create an opportunity?

Of course, this idea may just reveal my total lack of understanding of the Catholic church, the economic power it can bring to bear against nuns and priests who count on it for their maintenance, etc. Even if the idea isn't crazy, I don't qualify to be involved and I have not thought at all about how one would "plant the seeds of the revolution," or who would plant them.

Just wondering ...

Hoping you're well, and getting to focus your time in the ways you want.

Sometimes people hold a core belief that is very strong. When they are presented with evidence that works against that belief, the new evidence cannot be accepted. It would create a feeling that is extremely uncomfortable, called cognitive dissonance. And because it is so important to protect the core belief, they will rationalize, ignore and even deny anything that doesn’t fit in with the core belief.

One of the major Illuminati bloodlines, the symbol of the House Of Lorraine-Habsburg, the Cross Of Lorraine, has a long history of Brotherhood use. Indeed it is where the term "to double cross" (usually a negative aspect) derives. The Habsburgs are believed to be right near the top of the Illuminati hierarchy, perhaps more influential than even the Rothschilds. Pics: The Cross Of Lorraine. The Lorraine family shield. The crest of Hungary. The crest of Slovakia. The crest of Lithuania. Marilyn Manson's Double Cross album cover. A huge Cross at Colombey (a reference to Columba the dove, the symbol of the Brotherhood Goddess Semiramis. See Columba Collage for more). The Nabisco logo. OCCULT TEMPLE ON LITTLE SAINT JAMES, PEDOPHILE JEFFREY EPSTEIN’S PRIVATE ISLAND
Court papers also claim Epstein’s mansion is outfitted with hidden cameras in order to capture people of power engaging in sex with minors for purposes of blackmail, and his “little black book” seized by authorities contains bigwig names from Tony Blair and Prince Andrew to Michael Bloomberg and even Hollywood star Dustin Hoffman. A highly secretive investor, the precise source of Epstein’s vast riches is a mystery.

Bill and Hillary Clinton have taken trips on board Epstein’s private plane, dubbed by the press as the “Lolita Express,” at different times — both to Epstein’s private island and to other locations around the world. In a rare rebuke to the 24/7 security provided to former presidents, Bill Clinton had the Secret Service stay behind for each of these forays. In addition, thanks to a whistleblower, we know that Epstein sent Bill Clinton $3.5 million from a Swiss bank account. For what, one can only imagine.

Another frequent flier on the “Lolita Express” is a mysterious young socialite girl named Rachel Chandler. Here she is pictured with Bill Clinton as a teenager:

Chandler’s Tumblr account uses CSS to hide what other accounts were sharing her content and vice-versa, but since this trick doesn’t work on mobile phones, #Pizzagate researchers were able to find other accounts that frequently share her content. These accounts are consistently macabre. They’re filled with images of BDSM, injuries associated with sadistic sex practices, prescription drugs, images of children in severe distress and/or states of injury, weapons, sexual imagery, and occult symbols.

It also contains many images of children receiving dental work, which is beyond bizarre — but seems to somehow connect to Epstein, whose Florida mansion was found to contain not only child’s toys and explicit images of children, but fully functioning professional-grade dental chairs and equipment during a police raid.

Here are Few Examples:
Sir Richard Branson (friends with) Jeffery Epstein

Epstein was also a regular visitor to Donald Trump's Mar-a-Lago, and the two were friends. According to the Daily Mail, Trump was a frequent dinner guest at Epstein's home, which was often full of barely dressed models. In 2003, New York magazine reported that Trump also attended a dinner party at Epstein's honoring Bill Clinton.

Last year, The Guardian reported that Epstein's "little black book" contained contact numbers for A-listers including Tony Blair, Naomi Campbell, Dustin Hoffman, Michael Bloomberg and Richard Branson.

Wow. Matt Lauer was just fired from NBC for “inappropriate sexual behavior in the workplace.” But when will the top executives at NBC & Comcast be fired for putting out so much Fake News. Check out Andy Lack’s past!

YOU GOT IT, MR. PRESIDENT!

In 2008, Andrew Lack was hired as CEO of Bloomberg Media Group and had entered talks with (1) Saudi Prince Al-Waleed (recently arrested by SA govt) regarding producing a channel for the prince, and (2) STRATFOR (an intelligence organization described as a “shadow CIA”) regarding the sale and promulgation of agenda-driven content related to geopolitical analysis and world happenings, a.k.a. putting propaganda directly into the global MSM. At Bloomberg, Lack was in charge of 11 media channels spanning the globe; as such, Lack profited from distributing Saudi and deep state propaganda worldwide during his tenure at Bloomberg. This man was chosen as the CEO of the Broadcasting Board of Governors (BBG; an independent agency of the US government) in 2015 and remained in that position for six weeks before being replaced by John F. Lansing, the current CEO.

The day after Lack was sworn in as CEO of the BBG, the New York Times wrote about a growing information battle among the United States, Russia, China, and other countries that have spent a large amount of time and money on government-owned media operations. In October, Bloomberg Watch noted that the Voice of Russia, Russia Today, Al Jazeera, and China’s international broadcasting companies “are taking advantage of the world’s appetite for American news while capitalizing on VOA’s news failures.” All of these news organizations have similar missions: broadcasting internationally but not to their domestic markets. Voice of America’s English news website is ranked 3,961st globally, according to data provided by Alexa, a California-based web traffic analytics site, but Russia Today, which is owned and funded by the Russian government, is ranked 378th. Russia Today had a budget of about $445 million last year, more than $200 million less than the BBG, but it has surpassed VOA in social media. “The VOA’s Twitter feed has only 131,000 followers; Russia Today has 865,000. According to Russia Today’s website, the broadcast reaches around 700 million people total—about 85 million of those in North America alone.

SO WHY WAS HE CHOSEN FOR THE BBG?

BBG CHAIRMAN JEFF SHELL EXPLAINS!!

https://wikileaks.org/sony/emails/emailid/124901

OK, here is the issue in a nutshell:

- The Board has been trying to hire a CEO for over five years
- Everyone: both sides of congress, Ben Rhodes, etc...think its critical
- Its in the legislation that passed the house and the WH officially supports it
- We hired a search firm in the Fall, and found a superstar Andy Lack
- He is perfect...a journalist and a businessman and a good guy (and a D)
- He wants to serve his country and will be a godsend for the BBG
- Our board voted unanimously to hire him and submitted his paperwork to OPM
- We proposed putting him into a "limited term SES" position, because (1) we have one vacant; and (2) it fits perfectly with our narrative that this is a interim hire until legislation passes giving him full authority
- Our lawyers told us it was the right position
- PPO is mad, because they wanted to vet him and wanted him to be a political hire a la Dick Lobo
- I’m concerned that they will take this anger out on us by pressuring OPM to kick this back
- It would be a disaster for everyone involved if we lose Andy Lack due to a procedural issue and WH politics

I would not obviously share most of that with her. The key thing is that we found an amazing CEO and are potentially running into some difficulties with getting him through. She can then either call Jonathan Price at PPO and express her approval, or talk to me for more background.

Thanks Michael, I really appreciate this.

By the way, my two goals for BBG were to fix the governance and to hire a great CEO....now I can resign!!!!

"If Congress possessed the power to establish one bank, they had power to establish more than one if in their opinion two or more banks had been 'necessary' to facilitate the execution of the powers delegated to them in the Constitution... It can not be "necessary" or "proper", for Congress to barter away or divest themselves of any of the powers vested in them by the Constitution to be exercised for the public good... They may properly use the discretion vested in them, but they may not limit the discretion of their successors. This restriction on themselves and grant of a monopoly to the bank is therefore unconstitutional..."

Bumblebees can't fly? Aerodynamically, it is impossible for them to achieve flight. What bumblebees actually do is levitate.

Bumblebees have a hollow cavity next to the larynx, and when they beat their wings, they start to resonate energy within this cavity. Once that resonance matches the 7.83 Hz resonance of the magnetic field (Earth's resonancy) it becomes a free-agent, encompassed in an electromagnetic envelope and levitates from flower to flower.

What was Flynn’s background?

Retired US Army LTG with a key role in dismantaling terrorism networks in Afganistan and Iraq. After retiring, he established Flynn Intel Group.

Why is this relevant? ~Q

Flynn is an uncompromised Patriot.

Part of a top-secret group of highly skilled, retired military operatives who have been investigating HUMAN TRAFFICKING for years. His company was cover for “blue-dying” the GRU political spy network in DC on behalf of Army/Navy Intelligence.

Flynn is POTUS’ conduit to the uncorrupted Military Intelligence, which is why he’s been aggressively targeted & slandered by the media in hopes of undermining his credibility.

Presidential candidate of the Democratic National Party and wife to Bill Clinton, friends with Jay-Z, Lady Gaga, and other questionable icons. Known to have facilitated child trafficking at least once in the case of Laura Silsby. She also co-founded the Clinton Foundation which exchanges political favors for donations. She has a history of unethical business practices, used State Department emails for personal business, and corresponded with her State Department Foreign Service officer W. Lewis Amselem who told her he would be “sacrificing a chicken in the backyard to Moloch,” a demon to whom child sacrifices are offered; tagged by Donald Trump as “Crooked Hillary” in his stump speeches crowds would respond with chants of “Lock her up” and “Drain the swamp.”

Virginia state troopers killed in helicopter crash monitoring Charlottesville clash

Two Virginia state troopers killed doing surveillance work during Saturday's white nationalist rally in Charlottesville were well-known to Gov. Terry McAuliffe. H. Jay Cullen, 48, was a veteran pilot who spent several years shepherding the governor around Virginia. Berke Bates, who would have turned 41 on Sunday, was just beginning to realize a lifelong dream of becoming a helicopter pilot.

"I was close to both of those state troopers," McAuliffe said at a memorial service in Charlottesville on Sunday morning. "Jay Cullen had been flying me around for three-and-a-half years. Berke was part of my executive protection unit. He was part of my family."

Cullen was the commander of the State Police Aviation Unit. Bates was an executive protection officer.

"They're still coming to terms with it," Virginia State Police spokeswoman Corinne Geller said of the troopers under Cullen's supervision. "It's very raw."

The FBI's second-in-command is facing pressure over donations Virginia Gov. Terry McAuliffe made to the official's wife who was running an campaign against a popular conservative Northern Virginia state senator.

That senator, Dick Black, on Monday called for the resignation of Deputy FBI Director Andrew McCabe. Black said that McCabe, who later oversaw the probe into the Hillary Rodham Clinton email scandal, should have known McAuliffe was one of Clinton's closest advisers and friends and recused himself from the probe of the Democratic presidential candidate.

"I call on Andrew McCabe to step down from the FBI for the good of all the agents who do their work in an ethical and honest fashion," Black told Secrets. "What he has done has hurt the FBI."

The Wall Street Journal reported the campaign payments steered by McAuliffe to McCabe's wife, Jill, in the 2015 race. She lost to Black by 5 points.

Between about September 13, 2005 and about December 31, 2005, Jeffrey Alan Rothschild, also known as Jeffrey Zabler, fraudulently obtained more than $100,000 in emergency Federal Emergency Management Agency ("FEMA") funds available to victims of Hurricanes Katrina and Rita. Mr. Rothschild contacted FEMA and gave the names, birthdays, and Social Security numbers of other individuals that he gleaned from public sources such as the Mandarin-Hobble legal directory and through a previous job, as well as false addresses supposedly located in areas affected by the hurricanes. In response, FEMA mailed 38 United States Treasury checks, made out to the individuals Mr. Rothschild named, to various post office boxes and locations where Mr. Rothschild was staying. Mr. Rothschild then deposited the checks into bank accounts that he controlled. In addition, Mr. Rothschild engaged in a number of other fraudulent schemes, such as check kiting and credit card fraud. He ultimately pleaded guilty to a three-count information charging bank fraud, mail fraud, and money laundering, and was sentenced to 102 months in prison. I was lead counsel for the government in the investigation and prosecution of Mr. Rothschild.

Meet Lucky Larry

This is Lucky Larry Silverstein, owner of the World Trade Center.

On 9/11/2001, Larry just so happened to be absent from work because of a doctor's appointment. He later claimed that the appointment was cancelled, and rather than returning to the top of the tower for his usual breakfast, he decided to walk around New York City. Larry's family was also absent from work that day and escaped harm, including his daughter and son (who was running late). Lucky Larry was also fortunate enough to have recently taken out a $3.5 Billion insurance policy only weeks before the attacks (July 2001). He went on to attempt to claim that amount twice (2 attacks). Luckily for Larry, he and his family managed to escape death and profit billions from the fall of the towers.

Way to go Larry! You LUCKY bastard!

RT @ClassicPict: Lucky Larry.
Just months before 9/11, the World Trade Center’s lease was privatized and sold to Larry Silverstein.

Silverstein took out an insurance plan that ‘fortuitously’ covered terrorism.

After 9/11, Silverstein took the insurance company to court, claiming he should be paid double because there were 2 attacks. Silverstein won, and was awarded $4,550,000,000.

2:8 "And then the lawless one will be revealed..."

According to the Bible, the number of the name of the beast is given as wisdom and may be calculated or counted by a man with reason. The number is in Greek notation as:

\[\chi\xi\zeta\]

χ = CHI / CH as in Loch Ness
ξ = XI / X as in xylophone
ζ = STIGMA = SIGMA + TAU / ST as in Christ

Stigma (ζ) is a ligature, which is a combination of two letters. In the case of stigma, it’s S & T.

If you were to sound this out, you’d have:
KA - XIST
CHI-XIST

If you create a ligature from C & H as in "CHI" you end up with this:

This produces an "E"
Now you can sound it out.... E-XIST or KA-EXIST or COEXIST

The bear will leave its cave forever.

Freemason Jews run Israel - Not Ordinary Jews

The rise of Masons to political power in Israel dates back to 1948 and to Israel's founding as a modern-day nation.

David Ben-Gurion, its first Prime Minister, was both a Mason and an avowed Marxist-Leninist and Communist. Since that time, every single Prime Minister has been a high-level Mason, including Golda Meier, who was a member of the women's organization, the Co-Masons.

Now the lid is blown off the forbidden, secret powderkeg of the Masonic Jews who run Israel and, by extension, the United States and the world.

Is the New World Order a theory??? Ask these guys!

"Some even believe we are part of a secret cabal working against the best interests of the United States, characterizing my family and me as 'internationalists' and of conspiring with others around the world to build a more integrated global political and economic structure – one world, if you will. If that's the charge, I stand guilty, and I am proud of it."

Here are close-ups of the inscription on Obama’s ring:

WND asked Egyptian-born Islamic scholar Mark A. Gabriel, Ph.D., to examine the above close-up photos of Obama’s ring. Gabriel’s expert opinion is that the ring is inscribed with these words in Arabic:

There is no god but Allah

That phrase is the first half of the Shahada. The Shahada is the first of the Five Pillars of Islam, expressing the two fundamental beliefs that make a person a Muslim:

Parents' horror as Chinese boy, 6, has his eyes GOUGED OUT after being 'kidnapped by organ trafficker who stole both his corneas'

- Youngster snatched while playing outside home in Linfen, Shanxi Province
- Parents found him three hours later screaming in a field covered in blood
- Kidnapper reportedly told boy: 'Don’t cry and I won’t gouge out your eyes'
- Illicit trade fuelled because China has 300,000 on transplant waiting list

Organ traffickers gouged out the eyes of a six-year-old boy to sell on China's transplant black market, it was claimed yesterday.

Police said the child, Binbin, was drugged after being kidnapped while playing outside his home.

Osiris was murdered and cut up into 14 pieces by his brother Set and scattered throughout the land of Egypt.

Osiris's wife Isis set out to find all of the pieces of his body to resurrect him. She found all but the 14th piece, his phallus, which was eaten by fish (now cursed because of this) in the river Nile.

Isis made a phallus out of gold and temporarily resurrected Osiris so she could conceive a child. Their offspring is the god Horus.

14 + fish = the male phallus symbolizing power, sex magick and resurrection.

REVELATION 22:18
Pope Francis suggests rewording the Lord's Prayer. The problem? 'Lead us not into temptation'

By Tom Kington

DECEMBER 9, 2017, 6:40 PM | REPORTING FROM ROME

Pope Francis has called for a rewriting of the Lord's Prayer, saying the current translation gives God a bad name and, essentially, does not give the devil his due.

Pope Francis wants to change the words of a prayer millions of Christians learn as children

The pontiff told Italian broadcasters that the Italian - and English translations - imply that God "induces temptation"
Pope says he wants to change the words to the Lord's Prayer because current interpretation suggests God leads us 'into temptation'

Pope Francis said the Roman Catholic Church should adopt a better translation of the phrase 'lead us not into temptation' in the Lord's Prayer, saying it could be misinterpreted.

Red Cross sees decline in blood donations at the holidays

The Red Cross has observed a decline in blood donations at the holidays. Alana Manger, a representative for the organization, attributes this decline to fewer corporate and college blood drives during the holiday season. Manger explains that people are typically busy during the holidays and may not think about giving blood. The Red Cross typically sees a decrease in donations during the summer as well. This past summer, a lack of donations led to a "blood emergency," during which hospitals around the country had less than a five-day supply at any given time. To prevent another blood emergency, the Red Cross is working to educate the public on why giving blood is important year-round and to make donating more convenient.

The agency launched its Blood Donor App for smartphones in 2014 to help donors easily locate blood drives, schedule appointments, and track their blood's journey from donation to delivery. Donors can also view blood drive information on the Red Cross' website, redcrossblood.org, and sign up for automatic reminders before their donation.

The Red Cross, for more than a century a symbol of neutrality and even-handedness, has rejected the appeal of one of its leading volunteers against his dismissal because he opposes same-sex marriage.

In November 1966, doctors discovered that Walt Disney, a longtime smoker, had lung cancer. He died at a Burbank hospital the following month, on December 15, at age 65. Not long after his death, stories began circulating in the tabloid press that the filmmaker had been cryogenically preserved—that is, he'd been frozen with the hope that science might one day make it possible for him to be brought back to life. Despite the persistent rumors regarding Disney and cryonics, he was, in fact, cremated and his ashes were interred in a mausoleum at Forest Lawn Cemetery in Glendale, California.

The first person to be frozen cryogenically was an American university professor in January 1967. Since that time, more than a hundred others have been cryopreserved, including baseball great Ted Williams, who died in 2002.

The Story of Psycho JOE Scarborough

Naples Daily News July 21, 2001

"FORT WALTON BEACH, FL - Lori Klausutis, a 28-year-old office worker for Rep. Joe Scarborough (R-FL), was found dead in the congressman's district office. Police said preliminary findings from the medical examiner's office showed no foul play or any outward indication of suicide." Autopsy Performed By: Former Medical Examiner Dr. Michael Berkland

Who is Dr. Michael Berkland?

He was a Pathologist whose medical license in the state of Missouri had been revoked in 1998 as a result of Berkland reporting false information regarding brain tissue samples in a 1996 autopsy report. Berkland never denied the charges. He moved to Florida in 1997 and in July 1999, Berkland was suspended from his position as Medical Examiner in the State of Florida. Yet in 2001 he was issuing reports on Klausutis's death that were questionable if not downright false. Berkland continued to get into trouble and in 2003 not only was he fired but had his license as Medical Examiner withdrawn.

Devil’s Breath

The World’s Scariest Drug

A hazardous drug that eliminates free will and can wipe the memory of its victims.

The drug is called **scopolamine** but is known as “**The Devil’s Breath**”

IT ONLY TAKES A MOMENT

Scopolamine can be blown in the face of a passer-by on the street, and within minutes, that person is under the drug’s effect - scopolamine is odorless and tasteless. ‘You can guide them wherever you want... It's like they're a child.’
On my first day at the BLI, I stepped into a world that reminded me of nothing so much as Dante’s *Inferno*. Room after room filled with women, all twisting and writhing in rubber-sheeted beds like oversized baby bassinets, all shrieking at the top of their lungs in the most hideous agony. I was appalled. It was like something from the nineteenth century. From the eighteenth century.

“Yeah, well, these women are all on scope,” the resident said. “They all insist on it. They come in the door and, the very first thing, they go, Give me the shot. So we scope ’em.”

Scopolamine, famed in World War II movies as truth serum, was a soporific drug. But, as the resident explained, it wasn’t a painkiller at all.

“That’s why they’re screaming so much. Scope’s not a painkiller.”

“Then what’s the point?”

“The point is, it’s an amnesiac. They’re having the pain, but they won’t remember any of it when it’s over.”

For the coming days ahead.
Ask yourself an honest question, why would a billionaire who has it all, fame, fortune, a warm and loving family, friends, etc. want to endanger himself and his family by becoming POTUS?
Why would he want to target himself and those he cares about?
Does he need money?
Does he need fame?
What does he get out of this?
Does he want to make the US/world a better place for his family and for those good and decent people who have long been taken advantage of?

MILITARY FLAG WITH THE GOLD FRINGE

A yellow fringe is not authorized on a Title: 4: U.S.A.; Codes: Chapter 1: Sec.: 1&2 flag. It is a mutilation (Sec.:3).

What Does The Gold-Fringed Flag Signify?

It is commonplace to see a gold-fringed United States flag standing in the present-day courtrooms. Is the gold fringe there for decoration only, or does it signify a certain jurisdiction? Make no mistake about it -- the American People have been put on notice that the normal constitutional functions of government have been suspended and that their Land has been placed under martial law. The information below is not by any means exhaustive, but will at least point the reader in the right direction to do additional research on his own.

Pursuant to the “Law of the Flag,” a military flag does result in jurisdictional implications when flown (Ruhstrat v. People, 57 N.E. 41, 45, 185 Ill. 133, 49 LRA 181, 76 Am).

This card game released in 1996, has predicted many other events from 9/11 to the Boston bombing. On this "Las Vegas" card, we can see a Jack and an Ace. In Blackjack the Jack holds a face value of "10" while the Ace can be a "1" or "11", this can be translated to \(\text{10/1 the date of the attack}\). Not only that but "J" is the 10th letter in the alphabet and "A" is the 1st letter, this again translates to \(\text{10/1}\). The "J" and the "A" also represents the initials of Jason Aldean, the singer who was performing when the attack started. This was planned!
